**The statistics are alarming and more than ever we need your help to make a difference.**

Tragically, eight people take their own lives every day in Australia. And, thousands of people of all ages have a wide range of mental health challenges.

**How your support will help**

We must find ways to combat mental illness and research is key. [Australian Rotary Health \(ARH\)](#) funds research with the goal that they may be able to one day prevent mental health problems such as anxiety and depression from reaching adulthood.

## Rotary Club of Ivanhoe

We are an active and committed group of people who work together to support and assist in developing our local community, the wider regional and Australian community, and communities across the globe.
